

2-Day Training on GCG 11.0 Package

GCG 11.0 released in August 2005 is unarguably the first choice for any Bioinformatician in India. It has over 140 programs for Sequence Comparison, Database Searching and Retrieval, DNA/RNA Secondary Structure Predication, Evolutionary Studies, Gene Finding and Pattern Recognition, Protein Analysis and Translation studies. More can be found at <http://www.accelrys.com/products/gcg/programs.html>

Please accept our invitation to a paid-training for GCG 11.0 Package.
